# Leadership Team Reflection and Planning Tool

George Tremblay

Behavioral Health Improvement Institute at Keene State College

Michelle Lewis

NH Parent Information Center

Christina MacDonald

NH Dept of Education

# NH's iSocial system: Improving social-emotional outcomes for children aged 0-5 with disabilities

## **Settings**

Early childhood facilities operated by school districts or community agencies

## **Practice innovation**

*Pyramid Model* prioritizes relationship skills, clear behavioral expectations, positive environments, individual support as needed, family engagement

## **Strategies**

*Training and coaching* practitioners and sites to support PM practices

Driven by *local leadership teams* at implementation sites & community collaboratives

*Collaborating with families* to build success

Helping leadership teams *use data* to support their goals

# Purpose

Reinforce Leadership Team engagement with 6 key processes that promote sustainability of innovations

## Informed by:

Iowa DoE (2015). *Sustainability white paper*.

McIntosh et al. (2015). Variables associated with enhanced sustainability of school-wide positive behavioral interventions and supports. *Assessment for Effective Intervention*, 40(3), 184-191.

McIntosh et al. (2011). School-wide Universal Behavior Sustainability Index: School Teams (SUBSIST). *Jnl of Positive Behavior Interventions*, 13(4), 208-218.

IDEA Data Center (February, 2018). *IDEA Data Center Part B Data System Framework with Guiding Questions*. Rockville, MD: Westat.

## Leadership and Coordination

How the team addresses team functioning, coordination and developing policies and practices that support their goals

## Stakeholder Engagement

How the team incorporates perspectives of different stakeholders into decision making

## Professional Development / Capacity Building

How the team is growing program and staff capacity for Pyramid Model implementation

## Access to and Use of Data

How data contributes to the team's decision making and communication with stakeholders

## High Quality Practices

How the team is identifying and supporting evidence-based practices

## Reflecting on successes and challenges

What the team can learn from their successes and challenges this year

# Guidance for respondents

To be completed by LT as a whole, in one or multiple meetings

No prescribed sequence – start wherever you like

Most important purpose is to stimulate discussion about these six key sustainability processes; data gathering is secondary

# Structure of the tool

## Sections 1-5

3-6 Discussion questions for teams to discuss (or not) as they see fit  
Followed by up to 10 mult choice Survey Questions

## Section 6

4 open ended questions: greatest success; contributing factors;  
greatest challenge; next steps

# Launching the tool

First completed Summer 2020 by 11 Site and 5 Community Collaborative LTs

Facilitated by iSocial Process Coaches who participate in each LT

Timed to precede/support annual cycle of Action Planning
